

CREWSHIELD GAINS ISO 9001:2015 CERTIFICATION

Dubai, 27th September 2021 | Press Release

CREWSHIELD, the market leader in containerised ballistic safe havens, emergency shelters or refuges, and specialised protection systems, today announces its certification for the **ISO 9001:2015** standards.

Through this accreditation, **CREWSHIELD** is certified to comply with worldwide design, fabrication, engineering and project management best practices, extending its commitment to maintaining the highest levels of quality and security for its product and clients.

The ISO 9001:2015 standard is based on several quality management principles, including a strong customer focus, the motivation and implication of top management, the process approach and continual improvement. Using ISO 9001 helps ensure that **CREWSHIELD** customers get consistent, high-quality products and services, which in turn brings many business benefits.

Mike Samways, CEO of **CREWSHIELD**, said: “Given the protective nature of our products we have always prioritised quality within the company and ensured that we maintained the highest of standards, so it’s great to be formally recognised for our efforts. As an independent company providing safety-of-life equipment, the safety and reassurance of our clients’ is a top priority for us. This relates directly to the quality and effectiveness of not just our products but also our end-to-end approach. This spans from initial consultation through to design, manufacture, delivery, installation, commissioning, training and ultimately ongoing through-life maintenance. I am proud to say that we have consistently ensured that the entire company is following the highest of standards and that the whole Crewshield team has worked towards adhering to the ISO/IEC standards, enabling our certification.”

ABOUT THE COMPANY

Founded in 2011, **CREWSHIELD** is the leading global provider of containerised ballistic safe havens and specialised protection systems for areas of elevated risk. Whilst best known for our range of modular blast and ballistic resistant shelters, Crewshield also supplies toxic gas refuges, ballistic watchtowers, guard booths and armouries as well as anti-mortar protective systems for high-risk environments.

The company is recognised as one of the top-performing businesses in the United Kingdom having twice been awarded the Queen’s Award for Enterprise in the field of Innovation and International Trade respectively. All products are manufactured in the UK and UAE and are available for both SALE or HIRE.
